

Video Production Intern

[Dreams for Schools](#) is an educational nonprofit dedicated to empowering the next generation of tech leaders through after-school programs that teach coding, computer science, engineering, and technology to K-8 students. Our hands-on approach inspires students to explore the world of technology in a fun, engaging way.

Position Overview

Are you passionate about video production, social media, and education? Dreams for Schools is looking for enthusiastic and creative high school students to join our team as Video Production Interns. This internship offers the opportunity to create exciting, high-quality content that showcases our classroom activities, student projects, and the positive impact of our programs. Whether you're interested in video editing, social media, or education, this is a perfect opportunity to build your portfolio and develop professional skills!

Responsibilities

- Create dynamic, short-form videos for our social media platforms (TikTok, Instagram, YouTube) that engage our community and attract new followers.
- Film classroom activities and workshops, capturing key moments and student projects in action.
- Produce behind-the-scenes content that shows the inner workings of our programs and highlights their impact.
- Conduct interviews with students and instructors to capture powerful testimonials and personal stories.
- Edit raw footage into polished content for online platforms, ensuring it's high quality and aligned with our brand.
- Assist with event photography, capturing memorable moments during special classes and events.
- Help grow our media library with engaging b-roll footage showcasing coding activities and projects.
- Collaborate with our team to brainstorm and develop fresh video concepts that highlight our mission and programs.

Qualifications

- Passionate about video production, social media content creation, and storytelling.

- Basic knowledge of video editing software (Adobe Premiere, iMovie, or similar tools).
- Experienced with social media platforms (TikTok, Instagram, YouTube) and understand what makes content successful.
- Creative, detail-oriented, and able to bring fresh ideas to the table.
- Strong communication skills and enjoy collaborating with a team.
- Able to commit 4-6 hours per week with a flexible work schedule (during after-school hours or weekends).
- Excited about technology and education and want to make an impact.

What You'll Gain

- Gain hands-on experience in educational video production and social media marketing.
- Build your portfolio with professional content that will stand out for future college and career opportunities.
- Receive mentorship from experienced educators and the media team.
- Earn community service hours for graduation requirements.
- Receive a Letter of Recommendation upon successful completion of the internship.
- Gain exposure to the fields of coding, computer science, and engineering.
- Connect with industry professionals and expand your network.

Duration & Location

This internship runs for a semester with the possibility of extension based on performance and interest. Location will vary at visiting school sites, Dreams for Schools Office, Hybrid and Flexible.

How to Apply

Ready to join us? Submit your application to carrie@dreamsforschools.org, including:

1. A brief cover letter that explains why you're interested in this role.
2. A resume or a list of relevant experiences.
3. A sample video or links to social media content you've created (if available).
4. Your school schedule and availability.

Dreams for Schools is committed to fostering an inclusive and diverse environment. We encourage students from all backgrounds to apply.
