

MACC Internship Opportunity SUMMER 2026

Earn \$18 an hour
Looks great on college applications
Help your local community

Join our team at the MACC farm this summer for a 26 hour a week internship, to gain job experience in a professional, and business centered environment that aims to tackle issues that connect to the general immediate area such as food deserts, food insecurity, urban agriculture, environmental sustainability and using food as medicine to prevent disease.

In this job students will build a foundation for and improve in the following categories

- Marketing and Entrepreneurship skills
- Seasonal planting and crop rotation
- Preparing education for community members
- Organic farming practices
- Unique culinary experiences using food as medicine

Requirements

- Must be 16 years of age or older
- Have a valid work permit
- Commit to working June 1 - July 17th
- Must have own transportation
